Ainsdale
Light Grey and Indigo

The bold colour on the island is a beautiful contrast to the Light Grey. Curved end posts create a soft look, whilst the wine rack rail is a useful and coordinating addition to the Solutions Natural Oak open shelving.

Ainsdale Collection

Lead
Time 3
Weeks

A beautiful slim framed woodgrain effect shaker kitchen available in six desirable finishes. Ainsdale offers a more budget-friendly alternative to a solid timber kitchen, whilst also boasting a range of accessories that allow you to create a beautiful, feature-rich kitchen.

Mantles have working cupboards to store culinary essentials next to your cooker, whilst curved end posts create a softer aesthetic to your furniture.

The simplicity of Ainsdale means that it can be styled equally effectively in a more modern design as in a traditional setting.

Ainsdale
Chalk and Indigo

A working mantle includes cupboard space to store all your cooking essentials, whilst the Indigo Blue Eco Sjabstone Splashback ties the colour scheme together beautifully. Tangent cornice and pelmet bridge the gap between modern and traditional perfectly. Handles: H1030 Antique Bronze Cup Handle, H1031 Antique Bronze Knob

Featured: The Quooker Flex Tap in Chrome

Ainsdale Light Grey
The full height doors on the blind corner larder are a beautiful feature usually only seen in more expensive kitchens.

Kirkham
Graphite

The graphite colour choice creates real impact, whilst the skirting plinth and tongue and groove panels result in a feature-rich design. Skirting plinth skiffers add to the opulent feel of this kitchen.
Handles: H1079 Brushed Nickel Knurled Bar Handle, H1078 Brushed Nickel Knurled Knob

Kirkham Collection

Lead
Time 3
Weeks

The beading detail around Kirkham's shaker frame really sets it apart and brings a touch of classic style to this woodgrain effect door. Available in seven on-trend finishes, Kirkham can be used to create an exquisite design at a fraction of the cost of a real wood shaker door.

Beautiful trims and accessories can be used to elevate your design even further. Feature end posts can create a framed effect, skirting plinth adds a touch of opulence, whilst tongue and groove panels evoke the charm of a country kitchen.

Kirkham
Taupe and Forest

The natural hue of Taupe works perfectly with the rich green of Forest. Glass dressers have been used to create a stunning display sideboard. Handles: H1079 Brushed Nickel Knurled Bar Handle, H1078 Brushed Nickel Knurled Knob

Kirkham Forest
A beautiful display unit has been created using 500mm glass dressers sat on top of drawerline base units.

Grained Spruce Green

Trends across our door collections have shown that green is a must-have, overtaking blue kitchens in popularity. Spruce Green is a beautiful rich hue that is absolutely on-trend and will help you bring the outside in at a budget-friendly price point.

Painted Collection

The beauty of offering a colour matching service has been the insight it offers into the next big trends in colours! We believe that 2023 is going to be the year for red and black. Of course, being LochAnna we wanted the shades we chose to sit perfectly amidst our colour-palette...heritage rather than garish.

Skirting Plinth Skiffers

Our skirting and stepped plinth is becoming increasingly popular in our painted collections, and with the introduction of this feature in Ainsdale and Kirkham, this will only grow. Due to the nature of the plinth however, external mitre joints can be at risk of more wear and tear than standard, set-back plinth. Our skiffers are a practical, protective fitting that have the bonus of being beautiful and elevating the look of the overall kitchen design. Available in three colours, you can match these to other hardware in the kitchen to create a coherent design.

Door Jointing Plates

As a necessity in kitchen fitting, door jointing plates aren't often considered in too much detail. However we were keen to introduce an option that passed the 'so what' test. We have two sizes in total, both of which have a nib at the rear to maintain a 2mm gap between the items being joined and ensure consistency with neighbouring doors.
